

# route du Soleil

friday 21 June '19

## The summer begins in Wyck!

What could be better than to reflect on the good things in life? During the "Route du Soleil" in Wyck we therefore celebrate the start of the summer!

A day to meet friends, to enjoy a snack and a drink together and to look for the best gifts for yourself, your family, or for in and around the house.

Take your time on June 21, the official start of the summer and the longest day of the year. From 12 hrs. noon more than 40 shops, restaurants and hotels present themselves from their sunniest side.

On a special walking route between the station and the Servaas Bridge you will find many diverse activities, special promotions, tastings, gifts, music and more. So follow the colourful lanterns above the car-free Wycker Brugstraat and Rechtstraat to Hoogbrugstraat, to stroll along this special "Route du Soleil". Enjoy all the good things that Wyck has to offer you!

## Celebrate summer!

At exactly 6 minutes before 6 (5.54 p.m.) we are happy to welcome entrepreneurs, visitors and residents of Wyck to the closing drink on the "Zonneplein" (intersection Rechtstraat-Wyckerbrugstraat).

Peter Slegers (from **Slegers Open Atelier** on the Stenenwal) will briefly explain why we have chosen this peculiar time...

With summery tunes and drinks (by **Cafe Zondag**) and delicious bites (from **restaurant Papaz**), but especially with each other, we will raise our glasses to the first edition of the Route du Soleil!

*Soyez les bienvenus / be welcome!*
